

## Water Meter Capacity Fees

A new metered connection to Helix's water system requires payment of capacity fees. The fees help Helix pay the cost of renewing existing infrastructure and developing additional capacity in our water system to accommodate growth. The fees are paid by developers and owners responsible for growth, rather than existing customers. The San Diego County Water Authority (SDCWA), Helix's wholesale water supplier, charges capacity fees for the same reason.

<b>2022 CAPACITY FEE SCHEDULE*</b>				
<b>Meter Size</b>	<b>3/4"</b>	<b>1"</b>	<b>1 1/2"</b>	<b>2"</b>
HWD Capacity Fee	\$7,099	\$11,831	\$28,396	\$44,960
SDCWA Capacity Fee	\$5,477	\$8,763	\$16,431	\$28,481
<b>Total Fees Per Meter</b>	<b>\$12,576</b>	<b>\$20,594</b>	<b>\$44,827</b>	<b>\$73,441</b>

\*Valid through 12/31/22

Note: The fees above do not include the cost of installation of a water meter and lateral.
